### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Replace the paragraph appearing at page 1, lines 3-7 with the following amended paragraph:

The present application expressly incorporates by reference herein the entire disclosure of U.S. Application No. 09/613,529, filed July 10, 2000, entitled "Compositions for Imparting Desired Properties to Materials", now U.S. Patent 6,586,520, which is a CIP of U.S. Application No. 09/348,346, filed July 8, 1999, ABN, Which is being concurrently filed with the present application.

The following is an examiner's statement of reasons for allowance:

Claims 1-6,8-11,15,16,18,19 and 21 are allowed because none of the prior art documents discloses or suggests the claimed (A), (B) and the claimed (C) in the claimed aqueous composition.

Since the claimed aqueous composition of group I is in condition of allowance, then the claims in groups II-V will be rejoined since they are all based on the composition of group I.

Therefore, claims 1-6,8-11,15,16,18,19,21-52,54-56,58-71,77-82,84-86,88-106,108-115,117 and 118 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duc Truong whose telephone number is 571-272-1081. The examiner can normally be reached on Monday-Friday.
